**Quote # 6356697**

The benefit highlight is a summary of Blue Options benefits. This is meant only to be a summary. You will also be receiving a Summary of Benefits and Coverage document (referred to as an SBC) required under Health Care Reform. Both documents are provided as a convenience to compare available health plan coverage options. Final interpretation of the Blue Options health plan and a complete listing of benefits and what is not covered are found in and governed by the group contract and benefit booklet. You may preview the benefit booklet by requesting a copy of the Blue Options benefit booklet from Blue Cross and Blue Shield of North Carolina (Blue Cross NC) Customer Service.

The plan is intended to be a high deductible health plan (HDHP) that qualifies its members to contribute to a health savings account (HSA), unless its members are otherwise ineligible under applicable federal requirements. Please consult a qualified tax advisor if you are unsure about whether or not you are ineligible. In addition, the DEDUCTIBLE and OUT-OF-POCKET LIMIT amounts listed in the Summary of Benefits may be revised each year in accordance with Internal Revenue Service (IRS) rulings.

## ADDITIONAL INFORMATION ABOUT BLUE OPTIONS with HSA Fund

### Benefit Period

The period of time, usually 12 months as stated in the group contract, during which charges for covered services provided to a member must be incurred in order to be eligible for payment by Blue Cross NC. A charge shall be considered incurred on the date the service or supply was provided to a member.

### Allowed Amount

The maximum amount that Blue Cross NC determines is to be paid for covered services provided to a member.

### Out-of-Pocket Limit

The dollar amount you pay for covered services in a benefit period before Blue Cross NC pays 100% of covered services. It includes deductible, coinsurance and copayments. It does not include charges over the allowed amount, premiums, and charges for non-covered services.

### Utilization Management

To make sure you have access to high quality, cost-effective health care, we manage utilization through a variety of programs including certification, transplant management, concurrent and retrospective review. If you have a concern regarding the final determination of your care, you have the right to appeal the decision. For further information about our Utilization Management programs, please refer to your benefit booklet.

### Certification

Certification is a program designed to make sure that your care is given in a cost effective setting and efficient manner.

If you need to be hospitalized, you must obtain certification. Non-emergency and non-maternity hospital admissions must be certified prior to the hospitalization. If the admission is not certified, the claim will be denied.

For maternity admissions, your provider is not required to obtain certification from Blue Cross NC for prescribing a length of stay up to 48 hours for a normal vaginal delivery, or up to 96 hours for delivery by cesarean section. You or your provider must request certification for coverage for additional days, which will be given by Blue Cross NC, if medically necessary.

All inpatient and certain outpatient Mental Health and Substance Use Disorder services and all Adaptive Behavior Treatment must be certified in advance by Blue Cross NC or services will not be covered. Call Blue Cross NC at 1-800-359-2422. Mental Health and Substance Use Disorder office visits do not require certification.

In-network providers in North Carolina are responsible for obtaining certifications. The member will bear no financial penalties if the in-network provider in North Carolina fails to obtain the appropriate authorization. The member is responsible for obtaining certification for services rendered by an out-of-network provider in North Carolina or by any provider outside of North Carolina.

### Health and Wellness Program

Your benefits provide access to a variety of wellness programs and services to help you stay healthy. These include nurse support for chronic conditions, pregnancy and behavioral health, as well as tobacco cessation programs and exclusive member discounts on things like gym memberships, glasses, hearing aids and more. You can also access a wide selection of online and digital health and wellness tools and resources at [bluecrossnc.com](http://bluecrossnc.com) to help you take charge of your health!

### Health Savings Account

This plan, with an HSA Fund, is not a Health Savings Account (HSA), but it instead is a health insurance plan intended to be paired with an HSA. The HSA is provided to you directly by a separate HSA Administrator. An HSA is a savings vehicle for medical care expenses. It helps to pay the expenses that insurance does not pay. Individuals and employers can contribute money into an HSA on a tax-deductible or pre-tax basis for individuals. If used to pay for qualified health care expenses, your HSA account's growth and use is tax-free. In addition, HSAs roll over from year to year and are fully portable if an individual changes jobs. HSAs can only be opened by and contributed to on behalf of individuals who are covered under a qualified High Deductible Health Plan (HDHP). For more information on your HSA eligibility if you have other, additional health coverage, consult your tax advisor.

### What is Not Covered?

The following are summaries of some of the coverage restrictions. A full explanation and listing of restrictions will be found in your benefit booklet.

Your health benefit plan does not cover services, supplies, drugs or charges that are:

- Not medically necessary
- For injury or illness resulting from an act of war
- For personal hygiene and convenience items
- For inpatient admissions that are primarily for diagnostic studies
- For palliative or cosmetic foot care
- For investigative or experimental purposes
- For hearing aids or tinnitus maskers, except as specifically covered by the benefit plan
- For cosmetic services or cosmetic surgery
- For custodial care, domiciliary care or rest cures
- For treatment of obesity, except for surgical treatment of morbid obesity, or as specifically covered by your health benefit plan
- For reversal of sterilization
- For assisted reproductive technologies as defined by the Centers for Disease Control and Prevention
- For self-injectable drugs in the provider's office
- Weight Loss Drugs

### Embedded Deductible Definition

Members must meet their individual deductible before benefits are payable under the health benefit plan. However, once the family deductible is met, all covered family members will be in benefit. Any member who meets their individual Out-Of-Pocket Limit will have the benefit levels apply to them only and not the entire family. However, once the family Out-Of-Pocket Limit is met, the benefit levels will apply to the entire family.

### MAC B

When choosing a PRESCRIPTION DRUG, you and your DOCTOR should discuss whether a lower-cost PRESCRIPTION DRUG could provide the same results as a more expensive PRESCRIPTION DRUG. If you choose a BRAND-NAME PRESCRIPTION DRUG, your cost may be higher.

Please note: You may pay a different amount in certain situations when choosing between GENERIC and BRAND-NAME PRESCRIPTION DRUGS. If you decide you want the BRAND-NAME drug on the higher tier instead of the GENERIC equivalent on the lower tier, you will pay the BRAND-NAME copayment or coinsurance plus the cost difference between the BRAND-NAME ALLOWED AMOUNT and the GENERIC ALLOWED AMOUNT. For PRESCRIPTION DRUGS received from an OUT-OF-NETWORK pharmacy, you will also pay any charges over the ALLOWED AMOUNT.

You may not be required to pay the difference between the BRAND-NAME ALLOWED AMOUNT and the GENERIC ALLOWED AMOUNT for certain BRAND-NAME PRESCRIPTION DRUGS, if these criteria are met: 1) the BRAND-NAME PRESCRIPTION DRUG is on the Narrow Therapeutic Index (NTI). See [[ncbop.org/faqs/Pharmacist/faq\\_NTIDrugs.htm](http://ncbop.org/faqs/Pharmacist/faq_NTIDrugs.htm)] for a current list of these drugs; or 2) your PROVIDERS has required the use of a BRAND-NAME PRESCRIPTION DRUG to treat your condition. Applicable copayment or coinsurance amounts may still apply.

From time to time, MEMBERS may receive a reduced or waived copayment and/or coinsurance on designated drugs in connection with a program designed to reduce PRESCRIPTION DRUG costs. NOTE: Penalty does not count towards out of pocket limit on MAC B plans.
